

Enhance your digital images with our thermal laminating films. Bring out the brilliance and detail of your images while adding durability and protection to the finished product. Our line of thermal laminates are available in a variety of widths, thicknesses and finishes.

### Gloss 1.7 Mil

This clear, all around film has excellent scuff-resistance. Ideal applications include posters and signs.

### Gloss 3 Mil

Available with 1 mil film and 2 mils of adhesive. Excellent scuff and scratch resistance with good durability and clarity.

### Gloss 5 Mil

This 5 mil product offers rigidity and toughness. Available in a 3/2 configuration.

### Gloss 7 Mil

A 7 mil film comprised of 4 mils film/3 mils adhesive. Clear and durable.

### Gloss 10 Mil

Comprised of 7 mils film/3 mils adhesive. A very rigid film, offering good durability and clarity.

### Semi-Gloss 3 Mil

Offering more clarity than non-reflective matte, semi-gloss is available in a .5/2.5 configuration.

### Matte 3 Mil

A rigid durable product that offers a diminished gloss level. Available in a .5/2.5 configuration.

### Gloss Standard Series 5 Mil

An economy-grade, general purpose overlaminate with a higher melt temperature. Available in a 2/3 configuration.

### Gloss Standard Series 10 Mil

An economy-grade, general purpose overlaminate with a higher melt temperature. Available in a 4/6 configuration.
