

Expression® Platen Cleaner Compound

DESCRIPTION

Platen Cleaner

Expression® Platen Cleaner is a waterless cleansing compound used to clean Expression® Masterpiece® Mechanical Press and Vacuum Press platens. Press platens can develop a buildup of adhesive and/or other residues. This deposit can transfer impressions or marks to the surface of photographs or other delicate materials. Expression® Platen Cleaner removes the buildup quickly and efficiently so that the press platen remains clean and smooth during the mounting process.

SPECIFICATION CHART

PRODUCT	#935 Platen Cleaner
BASE MATERIAL	White Cleanser
RECOMMENDED TEMPERATURE	Room Temperature 55-80 °F (14-27°C)
SIZES	2-oz. (59ml) jar

DIRECTIONS

Cleaning with Expression® Platen Cleaner

1. Cover the base of your Expression® press with Kraft Paper to ensure it does not become soiled during the cleaning process.
2. Apply Expression® Platen Cleaner directly to the platen. Allow the cleaner to stand for 2-3 minutes.
3. Wipe the cleaner off with a soft, clean cloth.
4. To remove heavy adhesive deposits, use the plastic scouring pad provided with the Expression® Platen Cleaner. Rub deposits lightly, using a circular motion and a liberal amount of Platen Cleaner.
5. Wipe the platen surface clean with a soft cloth when all residues are removed.

CAUTION: Do not use any abrasive materials such as steel wool or gritty cleaners when cleaning the platen surface. Scratches or marks in the platen may transfer to materials processed in the press.
