

Double Kote Digital System

Narrow Format Equipment

The increasing trend of digital applications in the print finishing industry has prompted D&K to introduce our latest answer to this growing need - the new and improved Double Kote Digital. This two sided laminating system has been upgraded with operator-friendly features that make setup and operation quick and easy.

Digital Control Panel

Sheet Feeder With Pivoting Belt Table

Optional Takeup Mandrel for Inline Slitting

Double Sided Laminator & Heavy Duty Cutter

- ❑ New pivoting belt table on the feeder allows easy access for film setup and changeovers.
- ❑ Improved inline slitting system with new scrap takeup mandrel.
- ❑ Belt registration table accurately guides sheets and ensures straight, consistent cuts.
- ❑ Compact design requires minimal floor space.
- ❑ Digital control panel for precision adjustments and reduced scrap.
- ❑ Lamination working width up to 20" wide to handle virtually all digital printed stock.
- ❑ Heavy-duty in-line guillotine cutter accurate to within +/- 1/16 of an inch.
- ❑ Made In the U.S.A.
